CHICOD HIGH SCHOOL

Route 2, Box 378
Greenville, N.C.

Foreword

A school building is constructed of steel and cement, strong and permanent, but it is designed to accommodate an ever-changing flow of students. Year after year buses empty their loads each morning, and people stream in waves into the hallways and classrooms. To the rhythm of bells, tides of people wash in and out of the rooms and corridors and finally back to the buses, leaving the building empty. Carl Sandburg in his poem "Skyscraper" says, "It is the men and women, boys and girls so poured in and out all day that give the building a soul of dream, thoughts and memories." As each individual forms a part of the mass, so each personality contributes to the whole of Chicod's soul--that abstract thing we call school spirit. The Chicoan Staff presents this abstract collection of people and events which filled our school year.

**The Intricacies
Of The 1968
Chicoan Dedicatee**

There is certainty in this woman
Who is unafraid to share herself with others,
Unafraid to become involved in the
Candid life of a student.

This certainty she lives
In the Christ she teaches.

She engages with vitality
Her learning and teaching life.
We admire the way she approaches its problems
And she is our example.

We aspire to be like her -
Warm, friendly, and alive.

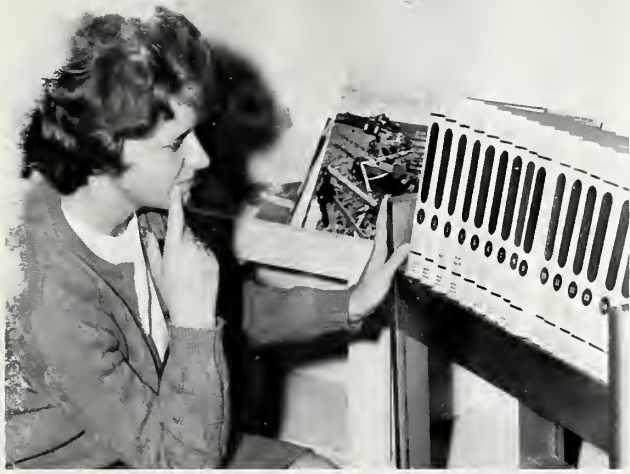

To her we dedicate this book
In an attempt to return some of the respect
That she first gave to us.

Mrs. June Haddock

**Unique
For Each
Individual**

Every crowd, every group of people, whatever it is, is composed of individuals. Strip away all the facades of social identification and underneath you will find individuals. Each one is different, each one possesses worth, each one has a soul. We each have our own desires, our own aims - hopes, goals - our own needs.

This is the purpose of Chicod High School - the reason for its existence - to serve us, not as a group, nor a mass, but as individuals always striving to meet the needs of as many as possible - always striving to develop distinct individualities.

Yet often we betray ourselves and the purposes of our institutions by allowing ourselves to be molded into a pattern - we lose ourselves in the crowd - we try to cover up and destroy our individuality. It's easy to do ...

Competition, breathless expectation, victory, defeat--these together constitute the "Wide World of Sports." With pride we compliment the participating students and coaches for giving of themselves to add to our school life the special essence of school spirit. The team, the coach, and the spectator form the intricate circle of Chicod.

SPORTS

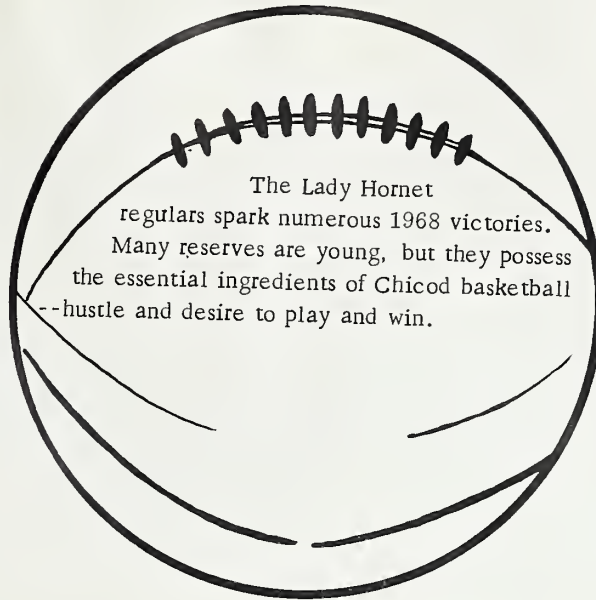

Chicod without fun? Never!
Students get a lift from the hectic whirlwind of school life, as they buoyantly join the "in" crowd with school spirit. The crowds "tear down the rafters and beat on the floor" as the Purple and Gold spring to fight for victory. These are just a few times that we are proud to be a member of CHICOD HIGH.

Cheerleaders

Study, jump, practice, and yell are the thoughts which pass through the minds of the Purple and Gold cheerleaders for the Chicod Hornets. The criteria is more than a loud voice and an abundance of school spirit. Maintaining a 70 average on all subjects, missing no more than two practice sessions, and obeying the rules of behavior in their constitution complete the specifications.

The cheerleaders are selected in the fall by a committee composed of faculty members and students, and the ones chosen, in turn, elect their chief. All the work at games and practice culminate in the spring with the cheerleading tournament held in the county. Since entering the contest, Chicod has reaped two trophies. The squad hopes to keep up its standards in the years to follow.

The cheerleaders who support our teams this year are Louise Hardee; Teresa James; Pamela Haddock, chief; Elaine Stokes; and Gwen Evans.

The goals of the Chicod FFA are closely tied to our school philosophy of encouraging an individual to produce and fulfill his maximum potential as a student and citizen. Individual efforts are combined to form competition for Local, District, State, and National Honors. From a boy owning and showing a pig or calf in a livestock show to a delegate receiving a plaque for recognition of our Chapter on the National Level, our members are proud of our accomplishments and will continue to strive for higher individual and Chapter recognition.

Members of our winning Parliamentary Procedure team are Dalton M., Robert H., Danny B., Robert W., Randy D., and Steve P.

During Class?! No, just during
 homeroom.

Remember what it was like when you were a freshman? I'm sure you could never forget. The freshmen this year are facing some of the most fascinating and exciting experiences they have ever had. As they climb on up the ladder, they face the busy routine of high school life with anxiety, eager anticipation, and, of course, a little bit of fear.

F. H. A. and F. F. A. initiations gave them quite a scare but also a cartwheel full of fun. The excitement of changing classes was also new to them, as they found that they had to make their way through traffic jams to get to class on time.

The freshmen have much to learn and a long way to go. With a little bit of patience, much determination, and the leadership of their class officers: Jesse Lilley, President; Wayne Buck, Vice President; Louise Hardee, Secretary; and Pam Haddock, Treasurer, the freshman class will again be a great success.
